RE: The Saling Log Home Durango, Colorado

Dear Otto:

Kathy and I never thought that the day would come where we could say the project is done. Yet, through all of our efforts and work, the project has been successfully completed and the outcome exceeds our expectations. There were times over the past 15 months that I thought the project was a crazy idea but now that we have our beautiful log home, it all seems well worthwhile.

Enclosed is a check for \$2,302.50 to reimburse you for the extra delivery charges. Once again this was one of those charges that we never thought about until we discovered that a big truck could not make the deliveries. While this was one of the unexpected additional charges, overall I believe that we were spot on in our cost projections.

Kathy and I want to thank you for all of your hard work and dedication. You are truly a master builder and one hell of a task master. We can't express how great Dan was in your absence. Like his father he was a real perfectionist and a very hard worker. We hope that you and your wife can come to Durango and sit on the fine deck you built and enjoy our view and a hardy meal. You could relax and not have to worry about the Durango subs.

Thanks again for all of your exceptional work.
