Dear Otto:

I am sitting in my log home in Lakewood and I realized that we just passed our 4 year anniversary since you turned our home over to us.

I felt it was necessary to drop you a note because as you well know, I've only seen you once since the project was finished. The reason we have not seen each other is because you and your company did such fine craftsmanship that I never needed to call you back one time to fix, repair, or look at anything. I can certainly tell you that in today's construction world and my 39 years in the construction business, that is unheard of!

If you ever need a reference or want to tour a client, please contact me at ~~427~~-4457.

I hope all is well with you and your family.

Best regards,
